WHAT WE DO

Petroleum Product Trading & Maritime Services

- Rehabilitation
- Maintenance
- Repair
- Gas Reticulation & Metering Energy Solution
- Shipping & Ports Operations
- Floating offshore support services
- Cargo Handling & Marine Logistics Services
- Storage Tank Cleaning and Waste Evacuation.
- Construction of cooling tower
- Construction
- Lead item (e.g. Valves, actuators)
- Equipment's Leasing
- STS Operations
- Bunker Supply
- Onshore

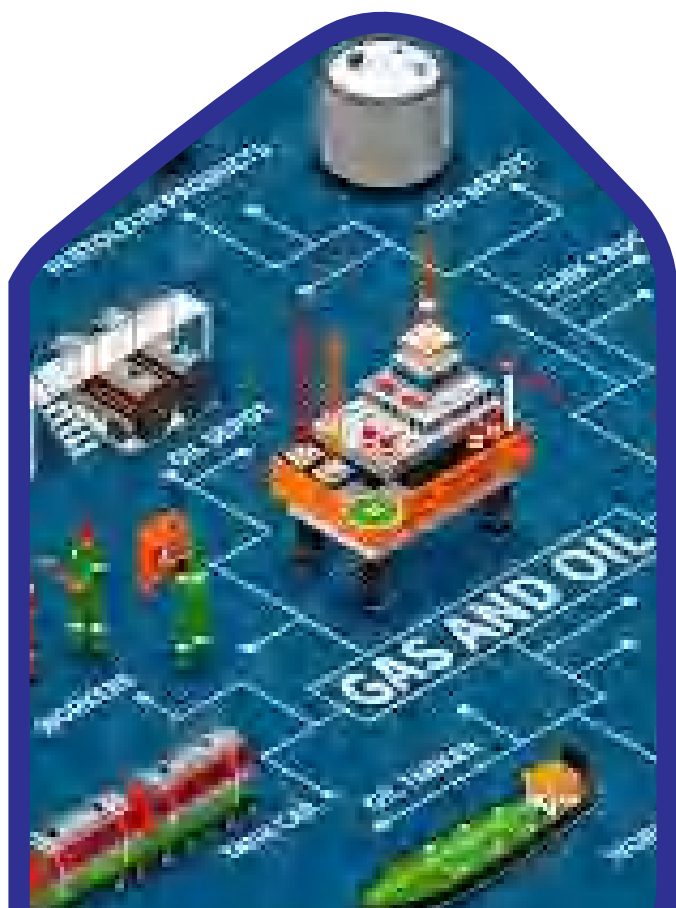

Engineering Services

- Replacement & Installation of Well Heads
- Metering Skills
- Engineering & Consultancy Service.
- Storage Tank Construction and Facility Maintenance
- Lead item (e.g. Valves, actuators)
- Laying of Pipes & Pipelines
- STS Operations

OUR FUTURE VALUE CHAIN

- Exploration • Development • Production
- Petrochemical Refinery
- Power Generation

SERVICES AT A GLANCE

INSPECTION SERVICES

Cornerstone specializes in maintenance inspections performing nondestructive testing (NDT) inspection on all down-hole drilling inventory ranging from OCTG & drill pipes, crown to the drill bits. All of Cornerstone inspectors are trained on the job and certified.

SURFACE PROTECTION

Cornerstone has extensive knowledge and practical experience in the various techniques available for surface preparation and associated protective surface preparation and protective coating application methods to meet required industry quality standards.

OVERHAUL/INSTALLATION & COMMISSIONING
